

# CAREER CONNECTED EDUCATOR

## Module Completion Badges

### Module 1

#### Series Introduction and myBlueprint

Educators displaying this badge have learned why Career Connected Learning is important for all K-12 educators, and have been provided with an overview of the Career Connected Learning professional learning series and the tools to document learning in the digital portfolio, myBlueprint.

### Module 2

#### Labour Market Information (LMI)

Educators displaying this badge have learned how to integrate LMI information into career connected classroom practice. This includes what LMI is, why it is useful for all K-12 teachers, why it is important to understand the current NB labour market information, and the connection between LMI and mental wellness.

### Module 3

#### Experiential Learning

Educators displaying this badge have learned how to integrate experiential learning into career connected classroom practice and the importance of experiential learning for learner engagement and mental wellness.

### Module 4

#### Financial Wellness

Educators displaying this badge have learned how to integrate financial wellness into career connected classroom practice.

### Module 5

#### Global Competencies and Social Emotional Learning (SEL)

Educators displaying this badge have learned how to integrate global competencies and SEL into career connected classroom practice.

#### Career Connected Educator

Educators displaying this badge have completed all five Career Connected Learning modules.
