July 26, 2017

THE PROPONENT

Name of Proponent	NB Power
Corporate Address of Proponent	P.O. Box 2000, 515 King Street Fredericton, NB E3B 4X1
President & Chief Executive Officer	Mr. Gaëtan Thomas
Principal Contact Person for the Purposes of Environmental Impact Assessment	Mr. Matthew Gorman, P.Eng. 1-506-458-6887
Property Ownership	Please refer to Section 1.3 of the EIA Registration Document

THE PROJECT

Name of Undertaking	International Power Line Project: Woodstock to Houlton, Maine (Transmission Line 0155)
Project Overview	Please refer to Section 1.2 of the EIA Registration Document
Purpose / Rationale / Need for Undertaking	Please refer to Section 1.6 of the EIA Registration Document
Project Location	Please refer to Section 2.2 of the EIA Registration Document
Siting Considerations	Please refer to Section 2.3 of the EIA Registration Document
Physical Components and Dimensions of the Project	Please refer to Section 2.4 of the EIA Registration Document
Construction Details	Please refer to Section 2.5.1 of the EIA Registration Document
Operation and Maintenance Details	Please refer to Section 2.5.2 of the EIA Registration Document
Future Modifications, Extensions, or Abandonment	Please refer to Section 2.5.3 of the EIA Registration Document
Project-Related Documents	Please refer to Section 1.5 of the EIA Registration Document

Description of the Existing Environment

The description of relevant features that are found within the Project location and surrounding areas that could potentially be affected by the Project are provided in Section 3.0, and within the descriptions of the specific VCs, found in Section 4.0 of the EIA Registration Document.

Summary of Environmental Impacts

Potential environmental effects, or "impacts," of the various Project phases are provided in Section 4.0 of the EIA Registration Document.

July 26, 2017

Summary of Proposed Mitigation

Mitigation by design or that will be implemented during all phases is summarized in Section 5.0, and discussed in relation to the potential Project-related environmental interactions in Section 4.0 of the EIA Registration Document. These mitigation measures will be provided in more detail in the Environmental Protection Plan, which will be submitted under separate cover.

Public Involvement

A brief summary of the public involvement activities planned as part of the Project is provided in Section 7.0 of the EIA Registration Document.

Approval of the Undertaking

Permits, licenses, approvals, and other regulatory requirements and authorizations that may be required for the Project are discussed in Section 1.6 of the EIA Registration Document. A federal environmental assessment under the *Canadian Environmental Assessment Act 2012* is not required, as it is not a designated project.

Funding

Funding for the Project is being provided primarily by Houlton Water Company. No provincial or federal funding is anticipated.

RE: Proposed International Power Line (Woodstock NB – Houlton ME)

To Whom It May Concern,

Western Valley Regional Service Commission has been asked to provide confirmation that the proposed project is permitted under the *South Central Carleton County Planning Area Rural Plan Regulation -Community Planning Act*.

Section 2.2(4) of the above referenced regulation states that the supply of electrical power is permitted in any zone within created by the regulation. Therefore, this office can confirm that for those properties covered by the aforementioned regulation, the use of the land for the supplying of power is considered a permitted use.

If you have any questions or require additional information, please contact the undersigned.

Katelyn Hayden, MCIP, RPP
Planning Director
Western Valley Regional Service Commission
