

2 THE PROPONENT

2.1 THERIAULT & HACHEY PEAT MOSS LTD.

Theriault & Hachey is a locally owned and operated New Brunswick family business. Theriault & Hachey has been processing and shipping quality peat products from its Baie-Sainte-Anne facilities to customers worldwide since 1963, with the addition of value-added, professional horticultural growing mixes in 2007.

Theriault & Hachey produces and distributes professional horticultural grades of peat and peat-based horticultural growing mixes, as well as custom-blended growing mixes. These products are used internationally for the cultivation and production of mushrooms, plants, flowers, vegetables, fruits, herbs and trees in greenhouses, nurseries, as well as by landscapers and growers in horticulture, agriculture, floriculture, and silviculture industries.

For a list of products and a video on Theriault & Hachey, please go to: www.thpeat.com.

The principal owners, actively involved full-time in this privately held corporation, are Mr. Gary Williston, President, Mr. Jody Williston, Vice-President Sales & Marketing, Mr. Matthew Theriault, Vice-President Operations, and Mr. Claudin Berger as a non-active member. It is led by a well-experienced management team.

Theriault & Hachey is well integrated in the Baie-Sainte-Anne and regional community where it is deeply rooted. It regularly supports, financially and in-kind, the local school and daycare, fire department, arena, sports teams, church, ATV and snowmobile club, various community events, as well as Hospice Miramichi and different hospital foundations and community gardens throughout the province.

In addition, Theriault & Hachey initiates, organizes, and accommodates:

- Local high school coop programs.
- Annual visits from New Brunswick Community College (NBCC) environmental technology students.
- Visits and tours with other students / student groups upon request.
- Job placements when and where possible.
- Annual student summer employment.
- Students with learning disabilities to experience the workforce as part of their school requirements.

Theriault & Hachey is also a member of the Canadian Sphagnum Peat Moss Association (CSPMA) and the New Brunswick Peat Producers Association.
