NEW BRUNSWICK LOTTERIES AND GAMING CORPORATION

The New Brunswick Lotteries and Gaming Corporation (NBLGC) was established on June 26, 2008 under the *Gaming Control Act* as a Crown corporation responsible for the conduct and management of all provincial gaming as required by paragraph 207(1)(a) of the *Criminal Code* of Canada.

As the business entity and operating mind for provincial gaming, the NBLGC

- is the Province's shareholder in the Atlantic Lottery Corporation, which operates the ticket lottery and video lottery programs on behalf of the Province;
- manages the service provider agreement with the casino operators, and
- is responsible for the development and implementation of the Province's responsible gaming initiatives.

GOVERNANCE

NBLGC Board of Directors

The business and affairs of the NBLGC are administered by a board of directors, which consists of the Minister of Finance, the Deputy Minister of Finance, and two senior civil servants appointed by the Lieutenant-Governor in Council. The *Gaming Control Act* requires that one of the appointees be a senior official from the Department of Health.

At March 31, 2014, the members of the board of directors were:

- Hon. Blaine Higgs, Minister of Finance (Chair)
- Jane Garbutt, Deputy Minister of Finance (Vice-Chair)
- Kenneth Ross, Assistant Deputy Minister of Health Addiction, Mental Health, Primary Health care and Extra Mural Services

NBLGC Staff

The NBLGC is a division within the Department of Finance.

2013-2014 HIGHLIGHTS

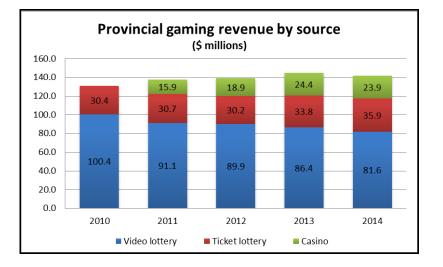

Lines of Business

The NBLGC's three lines of business are video lottery, traditional lottery (or ticket lottery) and casino gaming.

The Atlantic Lottery Corporation operates the video lottery and traditional lottery programs. Casino gaming is operated by Sonco New Brunswick Limited Partnership, through a service provider agreement with the NBLGC.

The NBLGC receives the net profits (gross revenue – expense = net profits) of the Atlantic Lottery Corporation and 50% of the gross revenue of Casino New Brunswick.

Gaming Revenue

A total of \$144.1 million of gaming revenue was received in 2013-2014.

In 2013-2014:

- NB's casino gaming revenue was \$23.9 million, which is \$0.5 million less than the previous year.
- NB's share of the video lottery and traditional lottery revenue was \$117.5 million, which is \$2.7 million less than the previous year.

Economic Impact of New Brunswick's Gaming Industry

Most revenues received by the NBLGC are treated like other provincial revenues by being immediately credited to the consolidated revenue fund and subsequently used to help fund important provincial programs such as health care and education programs.

Under section 78 of the *Gaming Control Act* (the *Act*), the NBLGC is authorized to pay the cost of administering the *Act* out of its proceeds (i.e., revenues). Costs include the administration and regulation of the *Act* (Department of Finance and Department of Public Safety, respectively).

In 2013-2014, a total of \$126.1 million was provided to the consolidated revenue fund, which is used to fund important provincial programs such as health care and education programs.

Additional details found in the NBLGC's 2013-2014 Financial Statements included in this report.

Where does the money go?	(million)
Distribution to the Province	\$123.9
 Prevention, Treatment and Rehabilitation Services 	\$1.0
Arts Development Trust Fund	\$0.7
Sports Development Trust Fund	\$0.5
Payments to First Nations	\$12.7

First Nations

The NBLGC shares gaming revenue with First Nations as provided in section 24 of the *Gaming Control Act.* The object of the revenue sharing arrangement is to encourage compliance with provincial gaming policy and to foster economic and community development.

Casino Gaming

The NBLGC manages the service provider agreement with the casino operator for *Casino New Brunswick*. At March 31, 2014, the casino service provider was Sonco Gaming New Brunswick Limited Partnership. This was the fourth year of operation for *Casino New Brunswick* which is located in Moncton along the Trans-Canada Highway on Mountain Road.

The destination casino complex is comprised of three distinct buildings integrated into one linear design: a hotel, a multifunction entertainment and convention centre, and the casino.

In 2013-2014, the casino offered approximately 600 slots, 19 table games and 5 Poker tables and had over 1.4 million visitors. In addition, over 35 ticketed events were presented at the centre including concerts and performances.

Video Lottery and Traditional Lottery

The New Brunswick government does not directly operate lotteries but is a shareholder in the Atlantic Lottery Corporation (ALC) and the Interprovincial Lottery Corporation (ILC). The NBLGC acts as the Province's shareholder in the ALC.

The ALC, a jointly-owned corporation of the four Atlantic provinces, operates the video lottery program and traditional lottery on behalf of the Province.

The ALC also handles and markets the products of the ILC. The ILC is a jointly owned corporation of the 10 Canadian provinces. In 2013-2014, ILC Draw products were Lotto Max and 6/49 – all national lottery games. In 2013-2014, ILC Instant products were \$100,000 for Life, Lotto 6/49 30 Years, \$100 Million\$ Extravaganza, \$200 million\$ Supreme; Classic White, Classic Gold, and \$100 Million Prestige.

In 2013-2014, in the New Brunswick market, the ALC offered the following products:

- Video Lottery games
- Electronic Poker Tables
- National draw games: Lotto 6/49 and Lotto Max
- **Regional draw games:** Pik 4, KENO Atlantic, TAG, Atlantic 49, Salsa Bingo, Twist, Bucko and ShaBam
- **Sports games:** PRO•LINE, PRO•LINE Stadium Parlay, PRO•LINE Fantasy and PRO•LINE Futures
- Scratch'n Win games at various price points, including Lucky 7, Bingo, Crossword, Set for Life! and Super Pack
- **Breakopen games** at various price points, including Super Bar, Criss Cross, Bar 10 Bonus and Flaming 7's
- **iBingo:** various games such as Atlantic Bingo, Kitchen Party Bingo, East Coast Bingo, Lighthouse Bingo, Wave Bingo and Oceanside Bingo
- **Pick'n Click:** various games such as Lobster Chase, Diamond Hunt, Lucky Dice, 3 Card Poker, Shootout and Crossword

On March 31, 2014, there were 1,962 VLTs and 235 VLT sites in New Brunswick. The number of VLTs and VLT sites fluctuates from month to month based on business performance and resulting addition/removal of terminals within the video lottery program.

Video Lottery Payout Percentage

Reconciliation of the results of operations to the payout percentages specified in the *Video Lottery Scheme Regulation 2008-112* can be found in **Appendix A**. The regulation requires that prize payouts from the video lottery program be not less than 80% and not more than 96% of the money put into the video lottery machines.

Responsible Gaming

The NBLGC is responsible for the development and implementation of the Province's responsible gaming policy. The responsible gaming activities in 2013-2014 included:

Funding to Addiction and Mental Health Services

Over \$1 million was available to fund addiction services programs with a focus on prevention, treatment and rehabilitation services at the Department of Health.

Responsible Gaming Information Centre (RGIC)

The RGIC is located at Casino New Brunswick and is a service established by the NBLGC through a contracted service provider.

The RGIC is staffed, managed and trained by Morneau Shepell.

The RGIC is available to casino patrons, casino staff, members of the public, and other professionals wishing information about responsible gaming.

In 2013-2014, a total of 1,838 people visited the RGIC.

RGIC at Casino New Brunswick

The RGIC provides a variety of materials designed to help inform and educate players and others:

- about gambling in general (e.g., odds, randomness, myths);
- on how to gamble responsibly (e.g., tips for keeping gambling fun, best practices);
- about the signs of problem gambling and available treatment services; and
- on the casino's Voluntary Self-Exclusion program.

FINANCIAL STATEMENTS

New Brunswick Lotteries and Gaming Corporation

31 MARCH 2014

INDEPENDENT AUDITOR'S REPORT

To the Chairperson and Members of the Board of Directors New Brunswick Lotteries and Gaming Corporation

I have audited the accompanying financial statements of New Brunswick Lotteries and Gaming Corporation, which comprise the statement of financial position as at March 31, 2014, and the statement of operations, statement of change in net debt, statement of change in accumulated deficit, and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the New Brunswick Lotteries and Gaming corporation as at March 31, 2014, and the results of its operations, changes in net debt, changes in its accumulated deficit and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Management Report

March 31, 2014

The preparation of the financial information is an integral part of management's responsibilities and the accompanying financial statements are the responsibility of the management of the New Brunswick Lotteries and Gaming Corporation (NBLGC).

The NBLGC has an accounting system and related controls to provide management and the Board of Directors with reasonable assurance that transactions are executed and recorded as authorized, that assets are properly safeguarded and accounted for, and that financial records are reliable for the preparation of financial statements in accordance with Canadian public sector accounting standards.

It is the responsibility of the NBLGC's Board of Directors to oversee management's performance of its financial reporting responsibilities and to review and approve the financial statements. The Board reviews and recommends approval of the financial statements, and meets periodically with management and the external auditors concerning internal controls and other financial matters.

1. Nature of the Corporation

The New Brunswick Lotteries and Gaming Corporation (NBLGC) is a Crown Corporation under the *Gaming Control Act* established June 26, 2008.

The NBLGC is responsible for developing, organizing, conducting and managing provincial lottery schemes on behalf of the Province. It is responsible for the development and implementation of the Province's responsible gaming policy and for managing the casino service provider agreement (CSPA) with a private third party for the operation of a casino in the province. The NBLGC is the Province's shareholder in the Atlantic Lottery Corporation Inc. (ALC Inc.), which is a jointly-owned corporation of the four Atlantic Provinces. ALC Inc. operates the ticket lottery and video lottery programs on behalf of the Province. ALC Inc. also markets and handles regionally the products of the Interprovincial Lottery Corporation (ILC) an organization that operates national lottery games in Canada, owned jointly by the ten provinces. In order to participate in business activities which fall outside of the recognized lottery schemes, approval must be provided by the Lieutenant-Governor in Council.

The NBLGC also researches and undertakes analysis of gaming policy and other related issues with respect to First Nations in New Brunswick and manages the provincial gaming revenue sharing agreements with First Nations. Until March 31, 2013, the NBLGC provided funding to Horse Racing New Brunswick Incorporated as per an agreement entered into under the authority of section 23.1 of the *Gaming Control Act*. In addition, the NBLGC develops policy options, provides information, advice and recommendations, and implements legislative measures in support of the government's gaming policy priorities.

2. Summary of significant accounting policies

a) Basis of accounting

These financial statements are prepared in accordance with Canadian public sector accounting standards.

b) Specific Accounting Policies

Revenues and Expenses

Revenues and expenses are recorded on an accrual basis in the period in which the transaction or event that gave rise to the revenue or expense occurred.

Deferred Revenue

The Province of New Brunswick requires that charitable/non-profit groups pay a fee for licenses for gaming activities such as bingo, raffles, etc. In addition, commencing in 2009-2010, gaming suppliers and gaming assistants, as defined by regulations under the *Gaming Control Act*, are required to be registered under the act and to pay a registration fee. A portion of these fees are unearned as at March 31, 2014. This amount is deferred and will be recognized as revenue as it is earned.

Government Transfers

Government transfers are transfers of money, such as grants, to an organization for which the NBLGC does not receive any goods or services directly in return. They are recognized in the NBLGC's financial statements as expenses in the period the events underlying the transfer occurred, as long as the transfer

Note 2b continued

is authorized and eligibility criteria have been met. Government transfers are comprised of contributions to the Arts and Sports Development Trust Funds.

c) Investments

The NBLGC uses the modified equity method to account for its investment in ALC Inc. Under the modified equity method the investment is initially recognized at cost and subsequently the carrying amount is increased or decreased to recognize the NBLGC's share of income or losses from the investment and reduced by distributions received. The accounting policies of ALC Inc. are not adjusted to conform to those of NBLGC.

The NBLGC uses the cost method to account for its investment in the Interprovincial Lottery Corporation.

d) Financial Instruments

Financial instruments consist of due from Province of New Brunswick, accounts receivable, accounts payable and HST payable, all of which are recognized at cost and are assumed to approximate their fair value due to the short term to maturity. Financial instruments are recognized when the NBLGC becomes a party to the contractual rights and obligations of the financial instrument.

Financial instruments are derecognized when the contractual rights to the cash flows from the financial asset have expired or have been transferred, and the NBLGC has transferred substantially all risks and rewards of ownership, or are derecognized when the contractual obligation has been discharged, cancelled, or has expired.

e) Measurement Uncertainty

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the period.

Items requiring the use of significant estimates include HST payable on gaming revenue, accounts receivable and allowance for doubtful accounts on the First Nations accounts receivable , the provision for the write-down on the investment in Geonomics Global Games Limited and amounts recorded in ALC Inc. financial statements such as the useful lives of tangible and intangible assets, impairment of non-financial assets, accrued liabilities, employee future benefits, development costs, fair value of financial instruments and liabilities for unclaimed prizes, which all impact the net distribution and allocation of undistributed income or loss to the NBLGC. Actual results could differ from the estimates made by management in these financial statements, and these differences, which may be material, could require adjustments in subsequent reporting periods.

3. Risk Management

An analysis of significant risk from the NBLGC's financial instruments is provided below:

a) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation. Accounts receivable are disclosed in note 4. The NBLGC's maximum exposure to credit risk at March 31, 2014 is equal to the accounts receivable balance of \$12,784,825 and amounts due from the Province of New Brunswick for \$3,600,641. An allowance for doubtful accounts in the amount of \$11,461,754 has been established. The remaining balances are due from related parties of the NBLGC and are considered low risk based on collection history.

b) Liquidity risk

Liquidity risk is the risk of not being able to settle or meet an obligation on time or at a reasonable price. Liquidity risk is managed through the Province's consolidated fund in order to meet operating and capital requirements. Management has determined liquidity risk to be insignificant.

c) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments. The NBLGC's management considers exposure to interest rate risk to be insignificant.

d) Currency risk

Currency risk arises on financial instruments denominated in a foreign currency. The NBLGC's management considers exposure to currency risk to be insignificant.

4. Accounts Receivable

a) Due from Province of New Brunswick (PNB) – Cash and Cash Equivalents

The NBLGC uses the provincial consolidated fund as its bank account. Funds are deposited to and cheques are issued from this account to meet NBLGC's obligations. The amounts in the table below are not available to PNB for general purposes. A receivable from PNB has been recorded for these amounts as detailed below:

	<u>2014</u>	<u>2013</u>

	\$3,133,015	\$3,357,431

6. Casino Capital Reserve

Pursuant to the CSPA, a reserve was established with restricted use for the subsequent development, improvement or refurbishment of the Casino, including gaming equipment. The agreement stated that 3% of Gross Gaming Revenue would be added to this reserve. The casino service provider would recommend expenditures to be made from the Capital Reserve and, with the consent of the NBLGC, may undertake significant capital expenditures. Funds from the Capital Reserve account were recognized as revenue in the period that the corresponding expenditures were incurred. The Capital Reserve was at all times the property of the NBLGC. As of September 17, 2014, the Casino Capital Reserve provisions in the CSPA have been deleted and there were no further deposits. Further details included in Note 9.

	<u>2014</u>	<u>2013</u>

Closing Capital Reserve balance	\$1,253,957	\$3,033,836

7. Investment Income – ALC Inc.- Deficit

The profit of ALC Inc. is distributed to each of the four Atlantic Provinces or their lottery agencies. The NBLGC's share for the current year represents the calculated profit of ALC Inc. in New Brunswick as determined by the Amended and Restated Unanimous Shareholders' Agreement ("the Agreement") signed August 8, 2000. Under the Agreement, ALC Inc.'s costs incurred for NBLGC activities such as VLT terminals, investments, interest costs, and overhead costs are deducted from the allocation of revenue for NBLGC.

Note 7 continued

The following is a summary of operations conducted by ALC Inc. on behalf of the NBLGC. Net profits distributed to the NBLGC from ALC Inc. are noted below:

The Shareholder deficiency on ALC Inc.'s statements is a result of various adjustments required in the conversion of its accounting framework to International Financial Reporting Standards. The most significant portion of the deficit relates to employee future benefit liability.

Between fiscal year 06-07 and August 2013, ALC Inc. financed pension special payments through its operating line of credit. The ALC Inc.'s Board of Directors approved that commencing in September 2013, shareholders would fund their portion of the deficit over 7 years, by way of a reduction to monthly profit payments. The impact on future profit distributions for NBLGC is a decrease of approximately \$3,700,000 annually for a total impact of \$20,900,022. These reductions in profit payments increase NBLGC's investment in ALC Inc. Repayments in 2013-14 were \$2,183,587.

8. Investment in Geonomics Global Games Limited (Formerly Roboreus Limited)

During the 2011-2012 fiscal year, the Lieutenant-Governor in Council approved the NBLGC's participation in an investment by the ALC Inc. in Geonomics Global Games Limited (formerly Roboreus Limited), a UK-based on-line gaming company. NBLGC's participation in ALC Inc.'s share of the investment is \$4,000,000 plus financing and interest costs. The investment was assessed as fully impaired by ALC Inc. and the loan that was initially used to purchase NBLGC's portion of the shares has been retired as described in note 17.

9. Casino Service Provider Agreement (CSPA)

In 2008 the NBLGC signed a CSPA with Sonco Gaming New Brunswick Limited Partnership (Sonco). Under the CSPA, the casino service provider agreed to design, finance, construct, equip, operate and own a destination casino complex, and to manage casino gaming on behalf of the NBLGC. The complex consists of a casino, hotel and meeting/performance facility.

The agreement originally provided that 47% of Gross Gaming Revenue was allocated to Sonco, and 3% of Gross Gaming Revenue was deposited to a Capital Reserve. Gross Gaming Revenue is defined as the aggregate of all wagers placed by customers of the Casino less winnings paid to customers, plus the rake from rake games. As of September 17, 2014, by mutual agreement, the Casino Capital Reserve provisions in the CSPA have been deleted and there were no further deposits. The allocation to the casino service provider was adjusted to 50%.

During the fiscal 2011-2012 the NBLGC and Sonco agreed to modify the CSPA respecting support for the retention of up to 55 leased slot games for a period of up to five years.

In fiscal 2013-2014, total allocation of revenue to Sonco was \$23,717,808; this included \$659,742 representing the retention of leased slots. As a result, Casino gaming revenue to NBLGC for fiscal 2013-2014 was \$23,870,115 (2012-2013 - \$24,428,031).

In October 2015, as permitted under the CSPA and approved by the NBLGC, the casino complex was sold and the CSPA transferred to a new Casino Service Provider, Great Canadian Gaming (New Brunswick)

10. Revenue Sharing Agreements with First Nations

Pursuant to provisions under the Gaming Control Act, as at 31 March 2014, seven First Nations have agreements with the Minister of Finance and have active gaming commissions and thereby receive a payment with respect to gaming activity (lottery schemes) on reserve. These include:

Woodstock First Nation, St. Mary's First Nation, Elsipogtog First Nation, Oromocto First Nation, Esgenoôpetitj First Nation, Eel River Bar First Nation and Madawaska Maliseet First Nation.

A review by management of the payments to First Nations has identified calculation errors that resulted in overpayments of \$1,564,327 in 2013 and \$8,002,730 in aggregate over a period from 2003 through 2012. The correction was recorded in 2013 on the statement of operations as Overpayment to First Nations under Revenue Sharing Agreements of \$8,002,730 and a provision for uncollectable accounts of \$9,567,057, represented by the current year and prior period overpayment amounts. The amount of the overpayment in 2014 is \$1,894,696 and is recorded as a provision expense in the statement of operations bringing the provision for uncollectable accounts to \$11,461,754.

The calculation of expenses which lead to the overpayment was disputed by several First Nations. The NBLGC and those First Nations voluntarily entered into a dispute resolution process with respect to the calculation of expenses used to determine the NBLGC's net profit from the video lottery program and the application of that amount to the subsequent calculation of payments made by the NBLGC to the First Nations. As a result of that process, the NBLGC has agreed to cap the amount of overhead at 20% of the total per VLT cost for use in the calculation of payments made to First Nations. The agreed to calculation methodology will be implemented retroactively to January 1, 2016. This will have no impact on the recovery of outstanding receivables related to overpayments made before this date.

Payments to First Nations under Revenue Sharing Agreements:

	2014	2013
St. Mary's First Nation	\$5,372,065	\$5,723,197
Madawaska Maliseet First Nation	1,676,141	1,852,487
Woodstock First Nation	1,897,530	1,725,713
Oromocto First Nation	1,408,079	1,430,620
Elsipogtog First Nation	983,505	1,119,437
Eel River Bar First Nation	886,436	886,679
Esgenoôpetitj First Nation	513,376	370,164
Total	\$12,737,132	\$13,108,297

11. Trust Funds

Annual lottery profits designated for the Sport and Arts Development Trust Funds have each been set through the *Gaming Control Act* at \$500,000 and \$700,000 respectively.

12. Horse Racing New Brunswick

In August 2009, NBLGC signed an agreement with Horse Racing New Brunswick Incorporated (HRNB). NBLGC agreed to provide annual funding to HRNB in an amount of up to \$1,000,000 less commissions earned by HRNB from the operation of its allocation of video lottery machines. For the 2013 year, NBLGC paid HRNB \$634,143. The agreement terminated on March 31, 2013.

13. Taxes

As a prescribed HST registrant, the NBLGC makes tax payments to the Government of Canada pursuant to the Games of Chance regulations of the *Excise Tax Act* (the Regulations). An imputed tax on gaming expense is calculated according to a formula set out in the Regulations. The NBLGC is not currently involved in non-gaming commercial activities.

14. Related Party Transactions

As a division of the Department of Finance, the NBLGC obtains office space, information technology, human resources, legal and financial administration services from the Province of New Brunswick.

15. Contingent Liabilities

There are currently outstanding claims and potential claims against the Corporation. The likely outcome of these legal actions cannot be determined at this time.

16. Budget

The budget figures included in these financial statements have been derived from the estimates approved by the Board of Directors of the NBLGC.

17. Subsequent Events

In March 2015, ALC Inc. recorded a full impairment of the investment in Geonomics Global Games Limited (formerly Roboreus Limited). NBLGC has recorded a provision for the write down of their share of the investment, including associated professional fees, of \$4.34 million. In March 2016, NBLGC's Board approved that ALC Inc. be instructed to retire the loan for the same amount that was initially used to purchase NBLGC's portion of the shares in Geonomics and to deduct it from the 2015-16 profit payments.

In August 2015, the calculation of expenses which lead to the overpayment was disputed by several First Nations. The NBLGC and those First Nations voluntarily entered into a dispute resolution process with respect to the calculation of expenses used to determine the NBLGC's net profit from the video lottery program and the application of that amount to the subsequent calculation of payments made by the
