## INTIMATE PARTNER VIOLENCE (IPV) HOW CAN YOU HELP?

Name the abuse.  
Help the victim

Ask the victim about the  
abuse in private, never in  
front of others

Do not make excuses  
for the partner's  
behaviour

Tell the victim that you  
are willing to help however  
you can

Make it clear that it's not  
the victim's fault

Offer contact information for  
services and supports for  
the entire family

Encourage the victim  
to make a safety plan

Keep yourself safe. Don't  
get in the middle of an  
assault. Call the police
