

## **Rabies Control Program Spring 2023 Carleton County, New Brunswick**

### **May 15 – June 2, 2023**

The Department of Natural Resources and Energy Development will conduct rabies surveillance in the Carleton County between May 15 – June 2, 2023. During this time, Forest Rangers will need access to private property to place and set live traps in strategic locations baited with sardines to capture raccoons and skunks.

Target animals will be removed from the property to be tested for rabies and non-target animals will be released.

#### **May 15 – 24**

**Traps will be placed and set in the Beechwood area on Monday, May 15.**

Traps will be checked each business day and closed on Friday, May 19 for the weekend. Traps will be re-set on Monday, May 22 – Wednesday, May 24.

#### **May 25 – June 2**

**Traps will be placed and set in the Fielding area on Thursday, May 25.**

Traps will be checked each business day and closed on Friday, May 26 for the weekend. Traps will be re-set on Monday, May 29 – Friday, June 2.

**Traps will be removed on Friday, June 2.**

If you come across any of these traps, we request your cooperation to not disturb these traps.
