Final Reporting

▶ When do I need to submit my final report?

Typically, a final report is required within 30 days upon completion of the project and no later than March 31st of each fiscal year a grant was received. This may vary depending on the program so it is advised that applicants review each program's guidelines for details.

▶ How do I submit my final report?

Final reports must be emailed to culture@gnb.ca.

▶ **Why do I need to submit my final report?**

It is important to provide your final report as it is part of program requirements. If a final report isn't received, your organization will be deemed *not in good standing* which will affect your ability to get future grants. New applications will not be reviewed until satisfactory receipt of a final report.

For programs with multiple funding installments, a final report is required for receipt of your 2nd installment of funding. This may vary depending on the program so it is advised that applicants review each program's guidelines for details.

▶ **Do I need to provide my signature on the Final Report?**

Final Reports no longer require a *written* signature. However, in lieu of this, applicants must check the box at the end of the application form to acknowledge that the information provided in the application is accurate and complete.
